SUMMARY

A talented and creative IT professional with the ability focused on building relationships with clients, internal and external partners to drive learning and growth. Dynamic and resourceful with exceptional customer service and communication skills. Talented at managing competing priorities to accomplish goals.

TECHNICAL PROJECTS

4SALE

Easy to use E-commerce site for local buyers and sellers: Python /Django | [Github](#)

- Created a secure login and registration using the password-hashing function bcrypt to enhance security for the site and mitigate risk for the client
- Established an SQLite database to create relationships between models to make the product more efficient
- Styled with Bootstrap and CSS for a clear and straightforward user experience
- Used Github as a repository to collaborate with 2 other web development students because of its ease of use and popularity
- Implemented the Python Imaging Library via Pillow in our SQLite database to allow users to upload photos to increase the likelihood of a sale.

APARTMENT CONNECT

An apartment management site for an apartment's tenants and maintenance workers: MongoDB/Express/React/Node | [Github](#)

- Developed with a MongoDB back-end which allowed us to easily and effectively scale the project
- Built a dynamic front-end with ReactJs where users can submit maintenance requests and schedule time to use the amenities of the apartments
- Deployed with Ec-2 to quickly and securely deploy the project in an effort to focus attention on building the application

PROFFESIONAL EXPERIENCE

SHOES N' FEET

Shoe Fitting Specialist September 2018- March 2020

- Built rapport with customers by asking probing questions and utilizing effective listening skills
- Developed and maintained relationships with Podiatrists and Physical Therapist's to keep them up to date on products that we carried that would be beneficial to their clients
- Submitted outgoing order requests to provide excellent customer service and to meet the needs of the clients

MOBVITEL

Solutions Specialist October 2017- March 2018

- Solved technical issues on IOS and Android devices by staying up to date on evolving technology
- Analyzed customer accounts and came up with creative solutions to retain customers and adhere to company regulations
- Trained customers on the set-up, operation, and maintenance of mobile phones and tablets
